SHERMAN JACKSON

For Coroner of Knox County.

To All the People Whoever this May Concern:

For many years the office of Coroner has never been given a notice, but no doubt the Coroner is the most important official in the county and at a time when a person is killed or a juror of question is called there is the time to do the Detective work and go down and dig up the root and find the justice between the guilty and innocent party. You may think and take this to home with you and say that father or mother, brother or sister or some close relation was murdered at home or by the way-side, then you would give all the world just to know the one who did it, so if you had a coroner that had the detective knowledge to run down the guilty party that would take a load off your mind that would be worth a portion of your life. So if you will honor me with this high and important office I will prove to you that the Coroner is a man that you all need worse than you now think for. The way to find this out is on the 4th day of Aug. when you enter the booth to cast your vote think of me and you will soon know what a coroner is, and also find a man that will highly appreciate your kindness, I remain

Sincerely yours,
Sherman Jackson.

Sowders In The Lead.

I am coming to you my friends to tell you the position I have on the ballot in the primary election. You will find my name Fourth from the top. It is easily found, take your time and be sure that you make your "X" in the square opposite my name.

It means something to you as well as me, you need a real man to represent you and to take care of your interests; the office of Justice of the Peace, is the most important office in the gift of the people. It is the Fiscal Court that can either make or break the county. They can allow claims that will forever bankrupt the county or they can put it on a high plane, with money in the treasury if they will, and yet do all that is necessary to do.

I propose if elected, to see to it that every cent of the people's money is spent in a way that they will receive full value for that money. I shall do all in my power to have your officers do their duty, and to see that the roads of the county are completed.

I believe in law and order, and shall always be found enforcing the law to the very letter. I am for a State-wide, bone-dry county and State, when it comes to the liquor question. I am not a preacher, but I shall do all in my power to make the county better, and when I shall have finished my term, I desire that I shall make a record that will be a credit to Knox county, to my family and friends and to myself.

Remember that I am in this race to the finish, and that I shall do all in my power reasonably, to win this nomination, and I solemnly promise if elected, to do all in my power to make you the best officer you ever had. Don't forget that I am FOURTH on the ballot and to make the "X" right in the square after my name, and you will have conferred a favor on one who will ever be,

Gratefully yours,
W. H. Sowder.

Farmers Attention.

Since the inauguration of the "Good Roads" movement in Kentucky and the construction of many miles of the best roads found in America, this State has been quite a haven for tourists, coming from almost every state in the Union, and since many of our farmers have failed to recognize and grasp the benefits derived through the medium of publicity, in placing their names on gates and entrances to their farms, I am calling upon the landowners in every county in this Commonwealth to please have a sign painted, giving the name of the owner of each farm, also the name of the farm, if same bears such, and post in a conspicuous place, on the gate or post at the entrance to the farm. This will require but little effort and expense upon the part of each landowner and the benefits derived through such simple and inexpensive methods of publicity can not be over estimated.

Mt. S. Cohen,
Commissioner of Agriculture.
